

Tasting VR tourist destinations

Purpose:

Carry out, within the framework of the COMMUNITY OF MADRID EN DIGITAL congress. "MADRID, DESTINATION FOR TOURIST INVESTMENT, a tasting of tourist content with virtual reality glasses, for which a virtual stage for VR was designed where different tourist content from the community of Madrid could be selected.

Description:

To carry out the event, cameras are placed in different locations, the Royal Palace of Aranjuez, a drone over the palace gardens and the Telefonica de Gran Via building, the cameras are 360° and are connected via a 5G router, all the broadcast is in real time, using the high 'throughput' of the 5G network and its low latency. The contents are tasted in Quest 2 and Pico Neo 2 virtual reality glasses, connected by a 5G router at the event venue.
